

IWS 2018 POSTER
LISTING *Updated 05/09/2018*

Poster Number	Paper ID	Presenters Name	Paper Title	Theme
1	33	Jing Bai	Transcriptome responses to the thermal stress and expression pattern analysis of HSP70 in Bemisia tabaci	Biology, Ecology and Invasion Biology
2	19	Helene Jourdan	Fitness cost of insecticide resistance in Bemisia tabaci from Reunion Island	Management Control and IPM
3	7	Everlyn Wosula	Exploring the potential of KASP genotyping and PCR-RFLPs in diagnosis of cassava-colonizing Bemisia tabaci	Systematics and Evolution
4	35	Helene Delatte	Bemisia tabaci species diversity colonizing cassava associated to the severe CBSD epidemic in the Comoros archipelago	Systematics and Evolution
5	60	Laura Boykin	Transcriptome analysis reveals an amino acids deletion in the GroEL chaperonin gene of Hamiltonella from native Bemisia tabaci populations	Whitefly Endosymbionts
6	63	Renate Krause-Skate	Behavior of Bemisia tabaci Mediterranean and Middle East Asia Minor I species on soybean	Whitefly Plant interactions
7	64	Renate Krause-Skate	Influence of Tomato severe rugose virus in the performance of MEAM1 and MED Bemisia tabaci species	Whitefly Virus interactions
